

NEW-YORK, DAILY TRIBUNE, WEDNESDAY, DECEMBER 17, 1851.

Concluded from Fifth Page.

series, in November, was nearly six and a half millions of dollars, as follows:

Philadelphia Mint.....	\$5,300,000
New Orleans Mint.....	1,019,618
Total.	\$6,319,618

This is enormous, and those of December promise to be as large. The deposits at Philadelphia already this month, are \$3,850,000, to which New Orleans will probably add half a million. The entire deposits at New Orleans in November, were \$1,079,205. Coinage, \$266,000. The coinage in Philadelphia thus far in December, is \$5,030,000. The total receipts of California gold at the Philadelphia Mint since 30th June, is \$26,130,045, equal to nearly sixty millions per annum.

There appears to be a general expectation that no dividend will be declared upon the Reading stock this year. The equities are reported to have run down, and the earnings of the Road are, it is stated, to be used to bring it up to the capacity of 50,000 tons per week.

The Southerner brings \$62,000 in specie.

The subscription to the New-York and Boston or "Air-Line Railroad" has been filed above the amount required for a complete organization of the Company under the Board of Directors, from New-Haven to Boston. The whole road will probably be soon put under contract and no expense will be spared to make it a "model road" both for speed and safety. The subscriptions are to be increased by about \$600,000 before the books are closed, and an appeal is made to the citizens of this City to take the amount.

The Railroad from Dunkirk to Erie was to have been opened to the public yesterday, thus placing New-York in Railroad connection with Erie, Pa.

The Philadelphia Money market is easier.

Markets...CAREFULLY REPORTED FOR THE TRIBUNE.

TUESDAY, Dec. 16.

AGRICULTURE.—The market is steady, but quiet. Dr. Fiske at \$1 50. Pease are firm and in fair demand at \$2 50.
